

The Smart is in The Bag

Introducing a new polymeric sand specially designed
for interlocking concrete pavers.

Techniseal, the company that brought you HP NextGel™, the most advanced jointing technology on the planet, now proudly introduces the next best thing, **SmartSand**®.

Although HP NextGel™ remains unrivaled in the market, **SmartSand**'s NO HAZE formula makes it a **smart** choice for a variety of interlocking concrete pavers.

Learn more about the new **SmartSand**® at Techniseal.com today.

Ideal for
tight joints

NO HAZE

Meets
ASTM C144
standard

When your project is important, choose  **Techniseal**®
Protect and Beautify
